WARNINGS AND LABELS

WARNING:

- » **FALL HAZARD:** Children have suffered severe head injuries including skull fractures when falling from high chairs. Falls can happen suddenly if child is not restrained properly.
- » Always use restraints and adjust them to fit snugly.
- » Stay near and watch the child during use.
- » The child should be secured in the high chair at all times by the restraining system.
- » It is recommended that the high chair be used only by children capable of sitting upright unassisted.
- » The child should be secured in the high chair at all times by the restraining system, either in the reclining or upright position.
- » Discontinue use of any highchair bouncer with the chair when child is able to sit upright unassisted or weighs more than 20 lbs (9.0 kg).
- » Tray is not designed to hold child in chair.

WARNING:

FALL HAZARD: Babies have suffered skull fractures from falling while in a bouncer.

- » Use the bouncer **ONLY** on the floor.
- » **NEVER** lift or carry a baby in bouncer.

SUFFOCATION HAZARD: Babies have suffocated when bouncers tipped over on soft surfaces.

- » **NEVER** use on a bed, sofa, cushion, or other soft surface.
- » **NEVER** leave a baby unattended.

TO PREVENT FALLS AND SUFFOCATION:

- » **ALWAYS** use restraints and adjust them to fit snugly, even if the baby falls asleep.
- » **STOP** using the bouncer when the baby starts trying to sit up or has reached 20 lbs (9.0 kg), whichever comes first.

- » If the product is used in the configuration of a children's high chair with a horizontal element (tray, bar), the supplied 5-point harness must also be used in addition to the crotch belt, which needs to be permanently attached between the seat element and the table during the initial assembly. Only the combination of a crotch belt (passive restraint system) and a 5-point harness (active restraint system) ensures product safety regarding falling out of the high chair.

WARNINGS RECLINED CRADLES

WARNING:

- » Please keep for future reference.
- » Never leave the child unattended.
- » Do not use the reclined cradle once your child can sit unaided.
- » This reclined cradle is not intended for prolonged periods of sleeping.
- » It is dangerous to use this reclined cradle on an elevated surface, e.g. a table.
- » Always use the the restraint system.
- » This reclined cradle does not replace a cot or bed. Should the child need to sleep, then is should be placed in a suitable cot or bed.
- » Do not use the reclined cradle if components are broken or missing.
- » Do not use accessories or replacement parts other than those approved by the manufacturer.
- » This reclined cradle is suitable for children aged up to 9 months and up to a max. weight of 20 lbs (9.0 kg).
- » Do not let children play with this product.
- » Do not move or lift this product with the baby inside it.
- » The carrying handles shall be used to move the product only when the child has been taken off the product.

CARE AND MAINTENANCE

- » Please pay heed to the textile labeling.
- » Please check on a regular basis that the connecting elements, belt systems and seams are properly functional.
- » Care for, clean and check this product regularly.

ADVERTENCIAS Y ETIQUETAS

⚠ ADVERTENCIA:

- » **PELIGRO DE CAÍDA:** Los niños han sufrido lesiones graves en la cabeza, incluidas fracturas de cráneo, al caerse de las sillas altas. Las caídas pueden ocurrir repentinamente si el niño no está correctamente asegurado.
- » Siempre use los sistemas de sujeción y ajústelos para que queden bien ajustados.
- » Permanezca cerca y observe al niño durante su uso.
- » El niño debe estar asegurado en la silla alta en todo momento mediante el sistema de sujeción.
- » Se recomienda que la silla alta sea utilizada únicamente por niños que sean capaces de sentarse erguidos sin ayuda.
- » El niño debe estar asegurado en la silla alta en todo momento mediante el sistema de sujeción, ya sea en la posición reclinada o erguida.
- » Deje de usar cualquier hamaca de silla alta cuando el niño sea capaz de sentarse erguido sin ayuda o pese más de 20 libras (9.0 kg).
- » La bandeja no está diseñada para sujetar al niño en la silla.

⚠ ADVERTENCIA:

PELIGRO DE CAÍDA: Los bebés han sufrido fracturas de cráneo al caerse mientras estaban en una hamaca.

- » Use la hamaca **ÚNICAMENTE** en el suelo.
- » **NUNCA** levante o cargue a un bebé en la hamaca.

PELIGRO DE ASFIXIA: Los bebés se han asfixiado cuando las hamacas se volcaron en superficies blandas.

- » **NUNCA** use la hamaca en una cama, sofá, cojín u otra superficie blanda.
- » **NUNCA** deje a un bebé sin supervisión..

PARA PREVENIR CAÍDAS Y ASFIXIA:

- » **SIEMPRE** use los sistemas de sujeción y ajústelos para que queden bien ajustados, incluso si el bebé se duerme.
- » **DEJE** de usar la hamaca cuando el bebé comience a intentar sentarse o haya alcanzado las 20 libras (9.0 kg), lo que ocurra primero.

- » Si el producto se utiliza en la configuración de una silla alta para niños con un elemento horizontal (bandeja, barra), además del cinturón de entpierna, también se debe utilizar el arnés de 5 puntos suministrado. El cinturón de entpierna debe estar permanentemente fijado entre el asiento y la mesa durante el montaje inicial. Solo la combinación de un cinturón de entpierna (sistema de retención pasivo) y un arnés de 5 puntos (sistema de retención activo) garantiza la seguridad del producto en cuanto a la prevención de caídas desde la silla alta.

ADVERTENCIAS CUNAS RECLINADAS

ADVERTENCIA:

- » Conserve para referencia futura.
- » Nunca deje al niño sin supervisión.
- » No utilice la cuna reclinada una vez que su hijo pueda sentarse sin ayuda.
- » Esta cuna reclinada no está diseñada para períodos prolongados de sueño.
- » Es peligroso usar esta cuna reclinada en una superficie elevada, como una mesa.
- » Siempre use el sistema de sujeción.
- » Esta cuna reclinada no reemplaza una cuna o cama. Si el niño necesita dormir, debe colocarse en una cuna o cama adecuada.
- » No utilice la cuna reclinada si faltan o están rotos algunos componentes.
- » No utilice accesorios o piezas de repuesto que no estén aprobados por el fabricante.
- » Esta cuna reclinada es adecuada para niños de hasta 9 meses y un peso máximo de 20 libras (9.0 kg).
- » No permita que los niños jueguen con este producto.
- » No mueva ni levante este producto con el bebé dentro.
- » Las asas de transporte deben usarse para mover el producto solo cuando el niño haya sido retirado.

CUIDADO Y MANTENIMIENTO

- » Por favor, preste atención al etiquetado textil.
- » Verifique regularmente que los elementos de conexión, los sistemas de cinturones y las costuras funcionen correctamente.
- » Cuide, limpie y revise este producto con regularidad.

AVERTISSEMENTS ET ÉTIQUETTES

AVERTISSEMENT:

- » **RISQUE DE CHUTE:** Des enfants ont subi des blessures graves à la tête, y compris des fractures du crâne, en tombant de chaises hautes. Les chutes peuvent se produire soudainement si l'enfant n'est pas correctement attaché.
- » Utilisez toujours les dispositifs de retenue et ajustez-les pour qu'ils soient bien serrés.
- » Restez à proximité et surveillez l'enfant pendant l'utilisation.
- » L'enfant doit être attaché à la chaise haute en tout temps avec le système de retenue.
- » Il est recommandé d'utiliser la chaise haute uniquement pour les enfants capables de s'asseoir droit sans assistance.
- » L'enfant doit être attaché à la chaise haute en tout temps avec le système de retenue, que ce soit en position inclinée ou verticale.
- » Cessez d'utiliser tout transat avec la chaise haute lorsque l'enfant est capable de s'asseoir droit sans assistance ou pèse plus de 9,0 kg (20 livres).
- » Le plateau n'est pas conçu pour maintenir un enfant sur la chaise.

AVERTISSEMENT:

RISQUE DE CHUTE: Des bébés ont subi des fractures du crâne en tombant alors qu'ils étaient dans des transats ou en tombant de ceux-ci.

- » Utilisez le transat **UNIQUEMENT** sur le sol.
- » **NE SOULEVEZ JAMAIS** et ne transportez jamais un bébé dans un transat.

RISQUE D'ASPHYXIE: Des bébés se sont étouffés lorsque les transats se sont renversés sur des surfaces molles.

- » **N'UTILISEZ JAMAIS** sur un lit, un canapé, un coussin ou toute autre surface molle.
- » **NE LAISSEZ JAMAIS** le bébé sans surveillance.

POUR ÉVITER LES CHUTES ET L'ASPHYXIE:

- » **UTILISEZ TOUJOURS** les dispositifs de retenue et ajustez-les pour qu'ils soient bien serrés, même si le bébé s'endort.
- » **CESSEZ** d'utiliser le transat lorsque le bébé commence à essayer de s'asseoir ou atteint 9,0 kg (20 livres), selon la première éventualité.

- » Si le produit est utilisé dans la configuration de chaise haute pour enfants avec un élément horizontal (plateau, barre), le harnais à 5 points fourni doit également être utilisé en plus du harnais entrejambes, qui doit être fixé de façon permanente entre le siège et la table lors du montage initial. Seule la combinaison du harnais entrejambes (système de retenue passif) et du harnais à 5 points (système de retenue actif) garantit la sécurité du produit en ce qui concerne les chutes de la chaise haute.

AVERTISSEMENT:

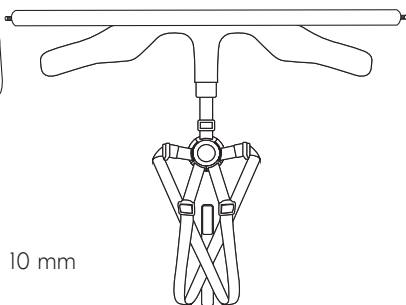

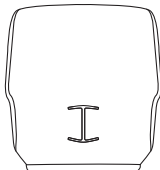

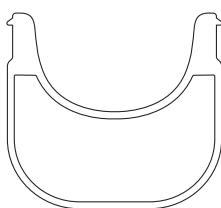

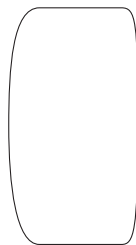

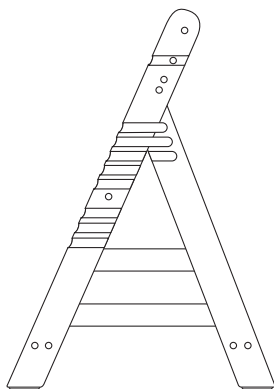

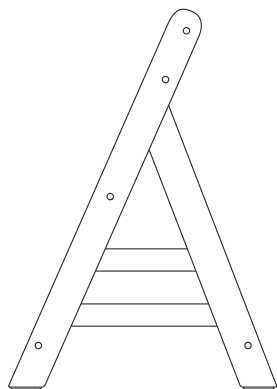

- » Veuillez conserver ce document pour référence future.
- » Ne laissez jamais l'enfant sans surveillance.
- » Ne pas utiliser le transat une fois que votre enfant peut s'asseoir sans assistance.
- » Ce transat n'est pas destiné à des périodes prolongées de sommeil.
- » Il est dangereux d'utiliser ce transat sur une surface élevée, par exemple une table.
- » Utilisez toujours le système de retenue.
- » Ce transat ne remplace pas un berceau ou un lit. Si votre enfant a besoin de dormir, il doit être placé dans un berceau ou un lit approprié.
- » Ne pas utiliser le transat si des composants sont cassés ou manquants.
- » Ne pas utiliser des accessoires ou des pièces de rechange autres que ceux approuvés par le fabricant.
- » Ce transat est adapté aux enfants âgés de jusqu'à 9 mois et d'un poids maximum de 9 kg (20 livres).
- » Ne laissez pas les enfants jouer avec ce produit.
- » Ne déplacez ni ne soulevez ce produit avec le bébé à l'intérieur.
- » Les poignées de transport doivent être utilisées pour déplacer le produit uniquement lorsque l'enfant a été retiré du produit.

ENTRETIEN ET MAINTENANCE

- » Veuillez prêter attention aux étiquettes textiles.
- » Vérifiez régulièrement que les éléments de connexion, les systèmes de ceinture et les coutures fonctionnent correctement.
- » Prenez soin de ce produit, nettoyez-le et vérifiez-le régulièrement.
